### ***September/October 2022 • Amazing***

This issue introduces the season's annual theme for the Cadet Corps. It is based on Joshua 3:5, "Joshua told the people, 'Consecrate yourselves, for tomorrow the LORD will do amazing things among you.'"

There are two parts to this. First, we need to prepare ourselves. God is holy, and if we are to be in His presence, we must be holy. Secondly, God has done, is doing, and will do amazing things. Sometimes we need to step back and see it.

### ***November 2022 • Anatomy***

God has created us with amazing bodies. We have been given brains with tremendous capabilities. Our immune system works without our knowledge, getting rid of things that don't belong. Each one of us is uniquely created, and uniquely talented.

### ***December 2022 • Grace***

This is the most amazing thing of all. While we were yet sinners, God, through His amazing grace, sent His son as a little baby. The busyness of the world during the Christmas season may often detract from this message, but God's grace is not only the reason for the season, but the only means by which we can be saved.

### ***January 2023 • Places***

God's amazing creativity is evidenced throughout the world. Hiking through a national park, touring a volcano, experiencing extreme temperatures, or marveling at the seven natural wonders of the world, all provide examples of interesting places around the globe the boys may be interested in.

### ***February 2023 • Architecture***

Amazing structures display the wonderful minds of architects and designers over the years. Exploring bridges and buildings, roller coasters and homes, this issue of *Cadet Quest* allows the boys to visit places they may never get to see in person and possibly pique their interest in a future career.

### ***March 2023 • Sounds***

Did you hear that? Wasn't that amazing. Musical instruments, our own voices, the machines around us, all make sounds that are part of our daily lives. What's the difference between sound and noise? What can sounds tell us? What makes an ambulance sound different when it approaches and when it goes past us?

### ***April/May 2023 • Animals***

There are weird looking animals, and animals so well camouflaged we hardly know how they look. There are animals who help us, and animals whose only purpose seems to annoy us or get in our way. Despite our opinions of them, each was made in an amazing way for an amazing purpose.

Themes for each new season (Sept – May) are chosen around the end of the calendar year. Details are made available (online or by sending in an SASE) at that time. Manuscripts will be selected starting in May 2022. Fiction and non-fiction selections will be made at least three months prior to publication date.

---

*Quest's* purpose is to show how God is at work in the lives of Cadets and in the world around them.
