September/October 2021 • God's In Control

This issue introduces the season's annual theme for the Cadet Corps. It is based on Joshua 1:9, *"Have I not commanded you? Be strong and courageous. Do not be afraid; do not be discouraged, for the LORD your God will be with you wherever you go."*

2020 has been a year in which everything in a boy's life seems to have been turned upside down – church, school, sports, Cadets, etc. Through the year we will show the boys the benefits of maintaining a reliance upon God and knowing that He is in control.

November 2021 • Schools Around The World

The school you go to isn't necessarily the same as the school other boys your age attend. Traditional or home school, virtual or in person, the variations are numerous. We will look at how schooling differs in foreign countries, and how others may view our system as the one being unique.

December 2021 • Health and Fitness

Our bodies are a wonderful gift from God. There are benefits to being in good physical shape. Our routines may be mundane or include one-of-a-kind activities, but there are many means of looking after our physical well-being.

January 2022 • Racism

We tend to make friends with people who share similarities with us – participating in a sport, reading the same books, playing the same computer games, or going to the same school. But to prejudice a person because of their race makes God angry. This issue hopes to break down walls of prejudice.

February 2022 • Weird and Wacky Sports

We know all about hockey, basketball and extreme sports, but there are many out there we may never have heard of. From lumberjack games to rock-paper-scissor championships, we want to introduce the boys to some new and exciting games.

March 2022 • Ukraine

What would it be like to live in another part of the world? We may not be able to physically travel to the Ukraine, but we can still learn about this awesome country. The Cadet program is growing in the Ukraine; this month we will spend some time getting acquainted with their surroundings.

April/May 2022 • Bugs

As we move into spring, what says 10 year-old boys more than a bunch of bugs? This month we are going to look at some interesting insects and see how our Creator has intricately made each one. Although we normally think their only purpose is to bug us, we'll learn how some of them play an important role in our world.

Themes for each new season (Sept – May) are chosen around the end of the calendar year. Details are made available (on-line or by sending in an SASE) at that time. Manuscripts will be selected starting in May 2021. Fiction and non-fiction selections will be made at least three months prior to publication date.

Quest's purpose is to show how God is at work in the lives of Cadets and in the world around them.
